# Riviera rise to the occasion

**VEREENIGING.** - The Riviera on Vaal Hotel & Country Club has donated linen to the Maranatha Missions Project.

The Project looks after over 3 600 youths and 208 of the aged in 18 different centres in Orange Farm. The hotel initially got involved in donating slippers for the aged, but also contributed used linen.

This year alone, the Riviera on Vaal Hotel & Country Club has been actively involved in substantial charity work, hosting the annual Charity Golf Day in support of Vereeniging Child Welfare through the Riviera on Vaal Blanket Project, and currently getting involved in the 'Give me a Chance' Children's Foundation. The hotel remains committed to its Corporate Social Responsibility even in these tough economic times.

"The tougher the times, the bigger the need," says General Manager Trilok Bhunjun. "No organization can exist without investing in the community around them."
